Profile Summary

Aspiring MERN Full Stack Developer with expertise in MongoDB, Express.js, React.js, Node.js, Java, JavaScript, HTML, CSS, SQL, and Git/GitHub. Experienced in building responsive and scalable full-stack web applications. Passionate about Data Structures and Algorithms with consistent competitive programming practice.

Education

Vishnu Institute of Technology **2023 – 2027**
B.Tech Computer Science and Engineering *CGPA: 8.63*

Technical Skills

Languages: Java
Frameworks/Stack: MERN (MongoDB, Express.js, React.js, Node.js)
Databases: MongoDB, MySQL
Tools & Technologies: Git, VS Code, Postman
Core Subjects: Data Structures and Algorithms (DSA), Database Management Systems (DBMS), Operating Systems, Computer Networks

Projects

Resume Analyzer | *Live Demo*
- Developed a MERN stack SaaS application with Firebase for secure Google OAuth and user management.
- Integrated Google Gemini 1.5 Pro to automate resume generation, featuring an AI-powered ATS checker and job description analyzer.
- Designed a responsive UI with Tailwind CSS and Framer Motion, featuring a live resume preview, analytics dashboard, and high-quality PDF generation.

Book a Doctor | *Live Demo*
- Developed a full-stack Book a Doctor application.
- Implemented JWT authentication, role-based access, and secure appointment booking.
- Built RESTful APIs for doctor management and appointment scheduling.
- Designed a responsive UI for scalable healthcare data management.

Alumni-Connect | *React.js, Node.js, Express.js, MongoDB*
- Developed for Smart India Hackathon (SIH) to strengthen communication between students and alumni.
- Implemented secure user authentication, mentorship requests, and job/internship posting features.
- Enabled networking through alumni search and career guidance features.

Experience

Full Stack Developer (MERN Stack) Virtual Intern **2-Month / 120-Hours**
SmartBridge Educational Services Pvt. Ltd. (in collaboration with APSCHE) *Virtual*
- Gained hands-on practical experience in MongoDB, Express.js, React.js, and Node.js (MERN) while strengthening skills in full-stack web application development.
- Successfully completed all internship requirements, building scalable project modules and earning a Certificate of Completion.

Certifications

Programming in Java

Data Structures and Algorithms

Achievements

Smart India Hackathon Participant.
